

# TRIVON TRADING COMPANY LIMITED

*Your Trusted Partner in Advanced Business Solutions*

**Explore Quality. Experience Innovation.  
Empower Growth.**

**Specialists in:**

- Water Purification Systems
- Dairy Equipment
- Stainless Steel Fabrications
- Industrial Vending Machines

**2025 Edition**

*A complete guide to our premium products and services for entrepreneurs, businesses, and industrial applications.*

# WELCOME TO TRIVON TRADING COMPANY LIMITED

Trivon Trading is driven by innovation, quality, and a commitment to excellence. Established with the vision to provide reliable and efficient solutions for the water, dairy, and food industries, we have built a reputation as a trusted partner for businesses across Kenya and beyond.

Our diverse product portfolio includes state-of-the-art equipment such as Reverse Osmosis Systems, Milk ATMs, Water Vending Machines, Cooking Oil ATMs, Pasteurizers, and much more. Whether you're setting up a water vending business, upgrading your dairy operation, or enhancing food production, Trivon Trading is your one-stop shop for durable, efficient, and customizable solutions.

## Why Choose Us?

**Quality Assurance:** Our products are built with precision, using premium materials to ensure long-lasting performance.

**Customer-Centric:** We prioritize your needs, offering tailored solutions and exceptional after-sales service.

**Innovation:** We constantly innovate to stay ahead of industry trends and provide you with the latest technology.

**Nationwide Reach:** With a robust distribution network, we deliver to every corner of Kenya, ensuring you get your products when you need them.

## Our Mission

To empower businesses with reliable, high-quality equipment that fosters growth and sustainability.

## Our Vision

To be the leading provider of innovative solutions for the water, dairy, and food industries in Africa.

Join us as we work together to build thriving businesses and a sustainable future. With Trivon Trading Company, success is just a partnership away.

# WATER EQUIPMENT

## REVERSE OSMOSIS HF

For water treatment with high fluorides and total dissolved matter

### Key Features

- sand filtration
- activated carbon filter
- sediment filters
- Reverse osmosis plant
- micro-filtration
- UV disinfection

## PURE WATER SKID MACHINES

Pure Water Skid Water treatment machines are meant for council water, spring water, and other natural sources.

### Key Features

- Sand filtration
- Cartridge filtration
- Carbon filtration
- Micro filtration
- Ultraviolet disinfection (UV)

## GENERAL PURPOSE WATER PLANT

General-purpose water plants use multiple filtration stages to remove different impurities from the water. They are suitable for underground water sources that have high turbidity and color.

### Key Features

- pre-chlorination
- flocculation
- sand filtration
- carbon filtration
- birm filters
- ph adjustment
- activated alumina

## PURE WATER VENDING MACHINES

### Key Features

- Sand filtration
- cartridge filtration
- carbon filtration
- microfiltration
- precision filters
- s/steel storage tank with subversive UV disinfection
- pump, piping / digital control panel
- Has meter to keep sales
- Has meter to control power consumption
- Automated vending system

## SECONDARY FILTRATION WATER VENDING MACHINES

### Key Features

- Prefilters/ sediments filters
- Steel storage tank with subversive UV disinfection
- Pump, piping / digital control panel
- Has a meter to keep sales
- Has a meter to control power consumption
- Automated vending system

## PURE WATER VENDING MACHINE

It is almost similar to a vending cabinet but it is attached to a bottle rinsing machine for cleaning inside the bottle before filling it with purified water.

### Key Features

- Digital control system
- Keeps daily sales record
- Optional taps
- Has a bottle rinsing option

## WATER REFILLING STATION

### Key Features

- Made of stainless steel food grade 304
- It has an automatic vending system
- Power supply: Single-phase
- Suitable for all types of containers
- Mobile: can easily be moved from place to place

## REVERSE OSMOSIS VENDING CABINET

### Key Features

- Sand/carbon filtration
- micro filters
- reverse osmosis
- energy mineralization
- S/steel storage tank/ UV disinfection
- pump, piping / digital control panel
- Automated vending system
- Has meter to keep sales
- Has meter to control power consumption

## DOMESTIC REVERSE OSMOSIS SYSTEM

### Key Features

- Has storage tank
- 4 - 7 stages of purification
- Precision filters
- Reverse osmosis system

## STAINLESS STEEL PACKING TABLES

### Key Features

- Made of stainless steel food-grade 304

## STAINLESS STEEL WASHING SINK

### Key Features

- Made of stainless steel

## BOTTLE RINSER (JET-TYPE)

### Key Features

- For cleaning the outside bottle with raw water and the inside bottle with purified water.
- pressurized jet to rinse inside the bottle with product water.
- Can rinse all sizes of bottles from 500ml to 20L

## BOTTLE RINSER (BRUSH TYPE)

### Key Features

- Automatic bottle rinser machine with brushes to wash both the inside and outside of the bottle
- Works best for rinsing big bottles

## BOTTLE WASHING MACHINE DOUBLE BOWL

### Key Features

- Washes bottles inside and outside
- pressure jet
- Has a control panel
- It's timed

## BOTTLE WASHING MACHINE SINGLE BOWL

### Key Features

- Washes inside and outside of the bottle
- It's spacious
- Uses control switch

**NB:** The machines are organized in the exact same order as they appear in the first table, ensuring seamless navigation and quick reference between the details and the corresponding prices.

# DAIRY EQUIPMENT

## BATCH PASTEURIZER

The cheese and yogurt production machine is equipped with a pasteurization unit, so you have the possibility of reducing the bacteria load of the milk substantially. Pasteurization kills up to 98% of the bacteria present.

### Key Features

- Fabricated with Stainless steel sheets grade
- Built with a geared motor fixed with an agitator for mixing the
- Has heating options i.e. gas, elements or
- It has temperature monitoring
- Comes complete with its control

## COOLING TANKS (CHILLER)

They are designed to keep milk at a temperature that is safe for consumption. There are two main types of dairy chillers: glycol and air-cooled. Glycol chillers use a refrigerant and water to cool the milk while air-cooled chillers use only air to cool the milk.

### Key Features

- Fabricated using stainless steel sheets grade 304
- Has geared motor fixed with agitator for mixing the product
- Has an inbuilt condensing unit
- Has temperature monitoring gauge.
- Comes complete with its control

## MILK ATM

This is a vending machine that dispenses pasteurized, chilled, ready-to-drink milk in unpackaged form. Our Milk ATMs are available in a variety of sizes and designs.

### Key Features

- Fabricated with Stainless steel food-grade 304 that makes it hygienic and durable. Has a digital control panel.
- With Stainless steel food-grade milk tanks, Food grade tube piping and pumps
- Cost-effective, made in Kenya, and certified by KEBS.
- It's a self-cleaning vending tube machine.
- Small in size, takes a little space and it's mobile in case you want to shift.
- Reprogrammable features to suit the client.
- Records daily sales protected by a user password.

**NB:** Machines are organized in the same order as they appear in the first table, ensuring seamless navigation and quick reference between the details and the corresponding prices.

# STORAGE TANKS AND FILLING MACHINES

## FILLING STATION WITH 500L HOLDING TANK

The stainless steel storage tank with a filling station 3 taps is the best storage tank for any water vending and purification business

### Key Features

- Made of Stainless steel
- food grade 304
- Has 3 Taps

## FILLING STATION

For mass production where many bottles are required to be filled,

The filling station is essential for manual packaging. It has secondary filtration i.e. sediment filters and UV water sterilizer to maintain water quality. It is equipped with a pressure switch and pressure control to maintain pressure in all taps and to switch on and off the pump

### Key Features

- Made of Stainless steel
- food grade 304

## STAINLESS STEEL STORAGE TANKS

Durable and Hygienic! Store liquids safely with our corrosion-resistant stainless steel tanks, suitable for various industries.

### Key Features

- Made of Stainless steel
- food grade 304

**NB:** Equipments are organized in the same order as they appear in the first table, ensuring seamless navigation and quick reference between the details and the corresponding prices.

# COOKING OIL/SALAD ATM

**SALAD ATM (STAINLESS)**  
 Keep your salads fresh, crisp, and always ready with our innovative Salad ATM.

**Key Features**

- Made of Stainless steel food grade 304

**SALAD ATM (STAINLESS)**  
 Keep your salads fresh, crisp, and always ready with our innovative Salad ATM.

**Key Features**

- Wooden Made

## PRICE LIST TABLE FOR SALAD ATM

SALAD ATM (STAINLESS)	.....	• KSH. 50,000
SALAD ATM (WOODEN)	.....	• KSH. 40,000

## Frequently Asked Questions (FAQs)

**Q: What types of products do you offer?**

*We offer water purification machines (including Reverse Osmosis Systems, Pure Water Skid), Vending machines (Milk ATMs, Cooking Oil ATMs,) dairy equipment Pasteurizers, Water Vending Machines, and more.*

**Q: How do I place an order?**

*You can place an order by contacting us via phone at 0790145145, email at [info@trivontrading.co.ke](mailto:info@trivontrading.co.ke), or through our website at [www.trivontrading.co.ke](http://www.trivontrading.co.ke).*

**Q: What payment methods do you accept?**

*We accept mobile money (Mpesa), bank transfers, and cash payments.*

**Q: Do you offer delivery?**

*Yes, we deliver products nationwide. Delivery timelines depend on your location.*

**Q: What if I need spare parts or servicing?**

*We stock spare parts for all our machines and offer maintenance services to ensure your equipment stays in top condition.*

**Q: Do your products come with a warranty?**

*Yes, all our products come with a warranty. The duration varies depending on the product.*

## START YOUR JOURNEY TO SUCCESS WITH TRIVON TRADING

Are you ready to grow your business with reliable and innovative equipment? At Trivon Trading, we are here to support your journey every step of the way.

- *Exclusive Offers: Enjoy discounted prices on select products every season.*
- *Flexible Payment Options: Get the equipment you need without financial strain.*
- *Nationwide Delivery: Wherever you are, we've got you covered.*
